Measuring from home is as easy as knowing what size you currently wear and reading below. Most styles are available in half sizes from 8 to 11, and whole sizes 12 and 13. But for ZARA I can't say something like this. From my personal experience, I can't give you an answer like yes they run true to size or they don't. The following is an approximate size and conversion guide only. For example in my MIU MIU shoe sizing guide I am telling you to ask from the retailer's customer service the insole measurement of the shoe you would like to purchase, right? You don't need to do that at the ZARA e-shop because in each product's page there is a sizing guide link, right? It has to do with the shoe type! Kitten heels and high heels and sneakers don't fit the same! A general rule is that the higher the shoe the smaller the size you should buy. For example if your feet's length is 25.6 cm and you would like to purchase a pair of ZARA high heel sandals, you should buy them 39 or 40? But in zara.com, there are all the current season's styles. We do not offer size 10½. So, below I will combine all the parameters and I will give a simple and quick ZARA shoe sizing guide so you will be ready to buy a beautiful and super stylish pair of ZARA shoes without all the size malfunctions. - What size should I buy my ZARA shoes? The first thing you should do is to use my tape technique to figure out your exact size. How are you doing lately? Hmm but that's always right? Steve Madden women's slippers and some casual styles are available in whole sizes only from 5 to 11. WOMEN'S SIZE GUIDE MMEUAU 216-222355 / 5.5 223-230366 231-234376.5 235-238387 / 7.5 239-246398 / 8.5 247-251409 252-258419.5 / 10 259-2654211 Hey guys. Some Steven casuals are available in whole sizes only from 6 to 10. Some casuals are available in whole sizes 14 and 15 as well. You can find amazing pieces in incredibly good prices. Let me explain. 2) Click here and see the ZARA shoe sizing guide which helps you to find your size (according to your feet's length). Oh yes and in this sizing guide they have a very helpful shoe sizing guide. Most styles are available in half sizes from 6 to 10. Steve Madden women's styles start at size 5, however MOST start at size 5½. Steven by Steve Madden styles start at size 5½, however MOST start at size 6. All you need is a tape measure and your feet ready. So, first you need to know your feet's length and then the insole measurements of the shoes you would like to purchase. Now ZARA makes our lives easier. Steve Madden men's styles start at size 7, however MOST start at size 8. But as I already mentioned, if you want to have full access to ZARA's shoe collection you must shop online. Shopping online means a requires knowledge of zara shoe sizing and I think that now you got that! The only thing you need to know is your feet's measurements, use the ZARA shoe guide and consider the shoe type and you are ready to buy your dreamy budget friendly ZARA shoes. This was the ultimate Zara shoes size chart you will ever read. Use a tape and measure your feet. In ZARA stores usually you will not find all the designs, so shopping from zara's online store is a total must. ZARA has a gorgeous -super stylish collection of shoes. Many Steve Madden men's styles are available in whole sizes only from 7 to 13. If you have already read my GUCCI shoe sizing guide or the Chanel guide you know this easy and effective technique. If you don't know this technique, no worries, I will explain it to you right away. Are you going to buy a 39 or a 40 size? Maybe it has to do with the shoe type? 3) Consider the shoe type. According to ZARA's sizing guide you are between 39 (25.3) and 40 (26). As I said before the size doesn't have to do only with the length. All styles are available in standard width B only. What if your feet's length is 25.7? They tell you what size to buy according to your feet's length! That's so perfect! My feet's length is 25cm and ZARA sizing guide suggest me to buy a shoe in size 39! To be honest its says that the 39 size is for 25.3 feet's length. Although we strive to provide consistent sizing across product lines, some styles may run smaller or larger than our regular sizing. Most styles are available in half sizes from 5½ to 10, and many are available in size 11. NO worries, I'm going to do a DEEP analysis on ZARA shoe sizing. ZARA online e-shop has a very helpful shoe guide, that helps you to find your size according to your feet's length. "As I told you above I have ZARA shoes that are 39 and ZARA shoes that are 38 and some that are even 40! It sound a little crazy right? Don't panic. If you are asking about me, I just returned from island hopping and I'm waiting for the summer like crazy. Oh, and I forgot to mention that I bought a lot of ZARA shoes lately and I thought that it was about time to write a ZARA shoe sizing guide too. I promise you that this the only ZARA size chart you need to read. I mean I have already written CHANEL (read it here), MIU MIU (read it here), DOLCE & GABBANA (read it here) shoe sizing guides but I really wanted to write a more budget friendly shoe sizing guide, because we all love luxury shoes but we shop ZARA shoes more often so we need more details for Zara shoe sizing, right? I'm here to give you all the details you need to know before buying a pair of ZARA shoes. You are thinking that you could just try them right in the store? But if you haven't any ZARA store in your city? Generally ZARA shoes aren't tight shoes like Louboutins but you always have to consider your feet type! I have wide feet so it's difficult for me to wear simple sandals not because ZARA makes them extremely tight and uncomfortable but simply because my feet don't fit in them! Where can I buy ZARA shoes? From any ZARA store, from zara.com and there are some second hand ZARA shoes online. I would buy preloved ZARA shoes not because of the price but if I found a last year model I really love. It was so disappointing for me. So let's start. Do ZARA shoes run true to size? That's a really tough question. But it's the most important one when it comes to Zara shoe size chart. Make sure you are standing, wearing the socks or stockings you will wear with your new shoes. If you wear a half size and only whole sizes are available, we recommend ordering the next size up unless otherwise noted. For example I have kitten heels in size 40 and high heels in 38.5 both of them from ZARA. So, it's a little more complicated, it has to do with the shoe type, the heel's height etc. For example if you lived in Mykonos or Paros or any small island, where there's no such thing, what would you do? The shoe type is a big factor in shoe sizing. The higher the heel, the smaller the size you should choose. Now, if your dilemma is between a kitten heel or a flat shoe then you should choose the bigger size. So, let's sum up with your zara shoe sizing guide / zara shoe size chart! Know your feet's length. You would buy online right? And even if there's a ZARA store in your city maybe they haven't got all the styles or the specific shoe you spotted online. If you are between two sizes, choose the smaller if the shoe is high heeled or the bigger size if we are talking about a kitten heel or flats. Are ZARA shoes comfortable? To be honest most of the ZARA shoes I have purchased were comfortable enough to wear them all day long. And you must be wondering why you need a ZARA shoe sizing guide right? And it's so hard to be answered with a yes or no because ZARA shoes are made in different factories in different countries around the world. For example CHANEL shoes are made in France so they are French size and usually French sizes run small. I live in Rodos island in Greece and even though we have a ZARA store here, most of the designs I like aren't available at the store, so I choose online shopping. So, reading a ZARA shoe size guide is a must, it will help you to avoid uncomfortable situations like returns and refunds. My first online shopping refund was a pair of MANOLOS, I loved them so much, but they were huge although I bought my regular size, so I had to return them. All styles are available in standard width D only.
